

BARRETT TOWNSHIP
ENVIRONMENTAL ADVISORY COMMITTEE
APRIL 27, 2011

Meeting called to order at 7:00

Members in attendance: Darryl Speicher, Patti O'Keefe, and Sally Duffy.

Also attending: Paul Stotsenberg, Mike Stirr

The Act 537 map to identify community water and sewage systems was reviewed and some corrections were suggested.

The workshop scheduled to discuss Falls Road Funding's (FRF) request to change the conservation subdivision ordinance (CSO) had to be rescheduled for a later date. Discussion of this requested change followed.

It was suggested that a transfer of development rights ordinance should be adopted by the township to allow for changes that FRF are requesting so that the CSO does not have to be changed.

Discussion of the proposed open space projects in the area were discussed.

Respectfully submitted,

Sally Duffy,
Recording Secretary
